## Chairman SURAJ EDUCATION GROUP

It gives me immense pleasure in presenting Suraj College, Mahendergarh before you as a pioneer College in the field of education. Education today does not mean the mere cultivation of memory, which gives a technique to students to get a job or to earn livelihood but means a continuous process that makes him/her truly intelligent to spread the light of knowledge. We today stand proud and high having come a long way since its inception. It has built for itself a desirable reputation few can match. All this could be achieved through vision, continuous efforts and execution from ground level. Our education is not only about academics but a way of life in building character and shaping the personality of every child to grow up as responsible citizen. Our aim is to prepare the students to be life long winners, keen learners, progressive thinkers, good communicators and responsible citizens. The sole motive behind laying the foundation of Suraj College is to build a platform where the young aspirants can acquaint themselves with latest technology innovations and management concepts as successful in achieving above-mentioned goal we concentrate our attention to make available the best possible infrastructure facilities for the Institute from the very beginning.

With Thanks,

**Mr. Jagdish Prasad**

## THE SURAJ EDGE

Suraj Degree College firmly advocates the comprehensive development of its students that is not limited to their academic excellence only but also emphasizes on the sharpening of their skills and personalities. Accordingly, the college has come up with a host of student-oriented cells that have been specifically created to focus on the distinct needs and wants of each of its learners. All the cells offer expert and friendly advice.

### PERSONALITY & LANGUAGE DEVELOPMENT CELL

In today's globalized world, demonstrating proficiency in spoken and written English is a prerequisite to further education and lucrative job opportunities. The college specially addresses this need by running special programmes on communication skills, including a two-month course that touches upon one's comprehension and speaking abilities in this arena. Likewise, exuding a confident persona is important if you want to leave a positive first impression on others. The cell also aids students in grooming their personalities and provides certification upon display of one's mastery over his or her soft skills and personality development. Consequently, the candidate is empowered with all the necessary skills that make him or her market-ready even before he or she appears for a placement interview.

### CAREER DEVELOPMENT CELL

The college has a student-friendly cell that provides valuable career counseling and development services to its learners so that the latter may inculcate effective presentation, negotiation and marketability skills, right from the 10+2 stage. The centre also offers sound advice and guidance in matters of career counseling and occupational preparedness. Effective English for Business Communication and certification courses on Entrepreneurship are other standout programmes that are offered by the cell as part of its grooming initiative.

### COUNSELING & SEMINARS

In today's cut-throat competition, mere subject knowledge expertise is not sufficient to attain success in life. An individual has to have a competitive edge in order to stand out from the rest. At Suraj Degree College, we conduct frequent individual and group counseling sessions and seminars to strengthen the communication skills, competence and confidence of our students so that they are better prepared to face the challenges of the real world.

### PROGRAMME TRANSACTION

Our learning methodology is a harmonious blend of contemporary and traditional teaching techniques that encompasses lectures, discussions, tutorials, school-based and workshop experiences, psychology practical, visual education work, community work and co-curricular activities including physical education. An integral feature of this programme is the execution of 'Practical Teaching' within the college premises. The college often organizes seminars, symposia and workshops for academic excellence and seeks unrestrained participation from its students in various cultural activities for a well-rounded and multidimensional growth of their personality. As part of its social responsibility, the college also drives active engagement in various community services in order to instill a sense of social sensitivity and cultural affinity in its students. A plethora of co-curricular activities provide adequate opportunities to the learners to have a good grasp of the multifarious dimensions of the Indian sociocultural life. In an attempt to infuse the element of fun in the learning process, the college also coordinates educational excursions at least once a year with nominal expenses being borne by the participants. Picnics, projects and field trips are also a part and parcel of its varied courses.

### UNIQUE SYSTEM OF COMMUNICATION

Suraj Degree College stresses upon providing individual attention to its learners. Each faculty member is entrusted with a batch of 20 students only. The assigned member acts as a friend, philosopher and a guide to his/her students so that later feel free to come up with their doubts without any hesitation. The faculty member embraces a personalized manner of interaction which is based on the old 'Guru and Shishya' tradition in order to foster a healthy academic environment. Care is taken to keep the guardians abreast of the progress made by their wards throughout the duration of their courses.
